

Do You Want 100 acres of Business and Retail Park in North Oxford?

The “Northern Gateway” is planned for 100 acres on green fields between Wolvercote and the Pear Tree Interchange and will change Oxford forever if voted in by our Council.

This area is already a traffic blackspot and the proposed development will bring 10,000 more cars per day on to our already gridlocked roads. In addition to the increased noise and pollution, how will this affect the adjacent area of Port Meadow, an ancient habitat of international significance?

Were YOU consulted?

Engage Oxford has been created to stop these plans and ensure local people have a say in the future of our unique city.

JOIN US NOW

See more detail and join at <http://engage-oxford.org.uk/> or complete the form below. Membership is free, though donations are **URGENTLY** needed to challenge the legality of the process and to raise awareness.

I would like to join ENGAGE and be kept informed of how I can help oppose these plans:
